Insmmed to Present to Rodman and Renshaw Healthcare Conference; Presentation to be Webcast Live

Insmmed to Present to Rodman and Renshaw Healthcare Conference; Presentation to be Webcast Live

RICHMOND, Va.--(BUSINESS WIRE)--Oct. 16, 2003--Insmmed Incorporated (Nasdaq:INSM) announced today that Geoffrey Allan, Ph.D., President and Chief Executive Officer of Insmmed, will present an overview of the rhIGF-I/rhIGFBP-3 clinical development program and the Company's key corporate initiatives for 2004 at the Rodman and Renshaw Healthcare Conference to be held on October 21 - 23, 2003 at the Marriott Boston Long Wharf. Dr. Allan is scheduled to present on Tuesday, October 21 at 8:20 a.m. ET.

The presentation will be webcast live, and a recording will be made available following the presentation. The webcast and recording will be available on Insmmed's corporate website, www.insmed.com. To access the webcast, please log on to Insmmed's website approximately ten minutes prior to the presentation to register and download any necessary audio or visual software.

Note to Conference Attendees: Insmmed has made time available for one-on-one meetings. Please contact Baxter Phillips of Insmmed at bphillips@insmed.com if you are interested in setting up a meeting.

About Insmmed

Insmmed Incorporated is a biopharmaceutical company focused on the development of drug candidates for the treatment of metabolic diseases with unmet medical needs. Insmmed's most advanced product, rhIGF-I/rhIGFBP-3, is currently in a pivotal Phase III clinical trial for the treatment of Growth Hormone Insensitivity Syndrome (GHIS). For further information about Insmmed and rhIGF-I/rhIGFBP-3, please visit the company's corporate website at www.insmed.com.

Statements included within this press release, which are not historical in nature, may constitute forward-looking statements for purposes of the safe harbor provided by the Private Securities Litigation Reform Act of 1995. Forward-looking statements include all statements regarding expected financial position, results of operations, cash flows, dividends, financing plans, business strategies, operating efficiencies or synergies, budgets, capital and other expenditures, competitive positions, growth opportunities for existing or proposed products or services, plans and objectives of management, demand for new pharmaceutical products, market trends in the pharmaceutical business, inflation and various economic and business trends. Such forward-looking statements are subject to numerous risks and uncertainties, including risks that product candidates may fail in the clinic or may not be successfully marketed, the company may lack financial resources to complete development of product candidates, competing products may be more successful, demand for new pharmaceutical products may decrease, the biopharmaceutical industry may experience negative market trends and other risks detailed from time to time in the company's filings with the Securities and Exchange Commission. As a result of these and other risks and uncertainties, actual results may differ materially from those described in this press release.
