Insmmed Retains FD and Gibraltar Associates for Investor Relations and Corporate Communications

RICHMOND, Va., Dec 03, 2007 /PRNewswire-FirstCall via COMTEX News Network/ -- Insmmed Inc. (Nasdaq: INSM), a biopharmaceutical company, announced today that it has retained FD and Gibraltar Associates to provide investor relations and corporate communications services, respectively. FD and Gibraltar intend to offer an integrated program to highlight Insmmed's role as a pioneer and leader in the emerging field of follow-on biologics and to increase the Company's institutional investor visibility.

"With the characterization of our first two follow-on biologics now completed and positioned for clinical studies, Insmmed is at the forefront of a rapidly emerging field with significant growth potential," said Geoffrey Allan, CEO of Insmmed. "We believe this is the right time to launch a comprehensive communications plan to identify high-quality institutional investors, and successfully position Insmmed's investment thesis. Working with FD and Gibraltar provides us with elite talent and expertise in investor and public relations. We are turning to them to help us to tell our story and maximize shareholder value."

"We believe our life sciences expertise and knowledge of the public markets are an excellent strategic fit for Insmmed, and we look forward to working with Insmmed's management team and Gibraltar Associates," said Jonathan Birt, Managing Director of the Healthcare & Life Sciences practice at FD. "FD has an extensive track record in working with the world's leading scientific and medical companies, and we are pleased to have the opportunity to support Insmmed at such an important stage of its development."

"Our experience in repositioning corporate brands, navigating public affairs challenges, and unlocking shareholder value promises to create a successful partnership with Insmmed," said Eric Bovim, CEO of Gibraltar Associates. "We look forward to working with Insmmed and FD in communicating the substantial market potential for follow-on biologics, and highlighting Insmmed's unique position in the industry."

Headquartered in Richmond, Virginia, Insmmed is at the forefront of the development of follow-on biologics. The Company has an FDA-approved biologics commercial manufacturing facility in Boulder, Colorado, and has significantly expanded its comprehensive capabilities in the characterization, development and manufacturing of follow-on biologics. Insmmed recently completed the characterization of its first two follow-on biologics, INS-19 (Granulocyte Colony Stimulating Factor or G-CSF) and INS-20 (Peg G-CSF), both for the treatment of neutropenia. The Company intends to initiate clinical studies on these product candidates in 2008. Insmmed is also continuing to advance its proprietary protein platform into niche markets with unmet needs. Insmmed's lead product in this area is IPLEX(TM), which previously received FDA approval for the treatment of severe primary IGF deficiency, and is currently in clinical development for Myotonic Muscular Dystrophy (MMD), ALS (Lou Gehrig's Disease) and HIV-Associated Adipose Redistribution Syndrome

(HARS).
