Insmed to Present at Two Upcoming Healthcare Investor Conferences

MONMOUTH JUNCTION, NJ -- (Marketwire) -- 02/06/13 -- Insmed Incorporated (NASDAQ: INSM), a biopharmaceutical company focused on developing and commercializing inhaled therapies for patients battling serious orphan lung diseases that are often life-threatening, today announced that Will Lewis, President and Chief Executive Officer of Insmed, will be presenting a corporate overview at the following healthcare investor conferences this month.

- Leerink Swann Global Healthcare Conference 2013 on Wednesday, February 13, 2013 at 1:30 p.m. (ET) at the Waldorf Astoria Hotel in New York City
- The Canaccord Genuity Orphan Drug One-on-One Day on Monday, February 25, 2013 at the Omni Berkshire Place in New York City

A live webcast of Mr. Lewis' presentation at the Leerink Swann Healthcare Conference can be accessed by visiting the investors section of the company's website at www.insmed.com. A replay of the webcast will be archived on the Insmed website for 90 days following the presentation.

About Insmed

Insmed Incorporated is a biopharmaceutical company dedicated to improving the lives of patients battling serious orphan lung diseases through the development and commercialization of inhalation therapies in orphan patient populations with critical unmet needs. Insmed's lead candidate, ARIKACE®, is engineered to deliver a proven and potent anti-infective directly to the site of serious lung infections to improve the efficacy, safety and convenience of treatment for at least two identified patient populations: cystic fibrosis (CF) patients with Pseudomonas aeuruginosa lung infections and patients with nontuberculous mycobacteria lung infections (NTM). Following positive phase 2 results in CF patients, Insmed's phase 3 registrational study of ARIKACE (CLEAR-108) in Europe and Canada has completed enrollment, and the Company expects top-line clinical results in mid-2013. Insmed's U.S. phase 2 clinical trial in NTM (TARGET-NTM) is well under way with clinical results expected in late 2013. For more information, please visit http://www.insmed.com.

Forward-Looking Statements

This release contains forward-looking statements which are made pursuant to provisions of Section 21E of the Securities Exchange Act of 1934. Words, and variations of words, such as "intend," "expect," "will," "anticipate," "believe", "continue," "propose" and similar expressions are intended to identify forward-looking statements. Investors are cautioned that such statements in this release, including statements relating to the status, results and timing of results of pre-clinical studies and clinical trials and pre-clinical and clinical data and the anticipated benefits of Insmed's products, constitute forward-looking statements which involve risks and uncertainties that could cause actual results to differ materially from those in the forward-looking statements. Such risks and uncertainties include, without limitation, failure or delay of U.S. Food and Drug Administration and other regulatory reviews and approvals, competitive developments affecting our product development, delays in product development or clinical trials, patent disputes involving currently developing products, unexpected regulatory actions, delays or requests, the failure of future clinical trials, inability to successfully develop our product candidates or receive necessary regulatory approvals, inability to make product candidates commercially successful, changes in anticipated expenses, and other risks and challenges detailed in our filings with the U.S. Securities and Exchange Commission, including our Annual Report on Form 10-K for the year ended December 31, 2011 and our Quarterly Report on Form 10-Q for the guarter ended September 30, 2012. Investors are cautioned not to place undue reliance on any forward-looking statements which speak only as of the date of this release. We undertake no obligation to update these forward-looking statements to reflect events or circumstances or changes in our expectations.
