About Insmmed

Insmmed Incorporated is a biopharmaceutical company dedicated to improving the lives of patients battling serious lung diseases through the development and commercialization of inhalation therapies in orphan patient populations with critical unmet needs. Insmmed's lead product candidate, ARIKACE® or liposomal amikacin for inhalation, is engineered to deliver a proven and potent anti-infective directly to the site of serious lung infections to improve the efficacy, safety and convenience of treatment for at least two identified patient populations: cystic fibrosis (CF) patients with *Pseudomonas aeruginosa* lung infections and patients with non-tuberculous mycobacteria (NTM) lung infections. Insmmed's phase 3 registrational study of ARIKACE in Europe and Canada completed enrollment and the Company expects top-line clinical results in mid-2013. Insmmed's phase 2 clinical trial in patients with NTM is well under way in the U.S. and Canada with top-line clinical results expected in late 2013.
