Insmmed Ranks No. 1 on Science's 2024 Top Biopharma Employers List

—*Insmmed Leads Science Top Employers List for Fourth Year in a Row*—

BRIDGEWATER, N.J., Oct. 24, 2024 /PRNewswire/ -- Insmmed Incorporated (Nasdaq:INSM), a people-first global biopharmaceutical company striving to deliver first- and best-in-class therapies to transform the lives of patients facing serious diseases, today announced that it has earned the highest ranking in *Science's* 2024 Top Employers Survey. The annual survey polls employees in biotechnology, pharmaceutical, and related industries to determine the 20 best employers, as well as their driving characteristics.

"It is a tremendous honor to have been named the No. 1 employer in *Science's* annual survey for the fourth consecutive year," said Will Lewis, Chair and Chief Executive Officer of Insmmed. "This past year has been transformational for our company, as we've demonstrated the strength of our commercial and pipeline programs, continued to fuel the innovation engine behind our early-stage research, and enhanced our culture while growing to more than 1,200 employees around the world. Looking to the future, I am filled with pride and excitement as I think about the talent, dedication, and potential of our team as we strive to make a real difference in the lives of patients with serious diseases."

The 2024 survey results were based on nearly 6,500 responses from individuals located primarily across North America (65%), Europe (19%), and Asia/Pacific Rim (11%). This year's highest-ranking companies stood out in the areas of innovative leadership, respect for employees, social responsibility, employee loyalty, and personal and professional value alignment.

"The culture we've built at Insmmed is unlike any other I've experienced, and I am proud to see it continue to grow and strengthen as we expand our global team," said Nicole Schaeffer, Chief People Strategy Officer of Insmmed. "Thank you to our colleagues around the world who show up every day with a desire to help patients, enrich our communities, and support one another. It is because of you that we have once again been recognized by *Science* as the top employer in the biopharma industry."

About Insmmed

Insmmed Incorporated is a people-first global biopharmaceutical company striving to deliver first- and best-in-class therapies to transform the lives of patients facing serious diseases. The Company is advancing a diverse portfolio of approved and mid- to late-stage investigational medicines as well as cutting-edge drug discovery focused on serving patient communities where the need is greatest. Insmmed's most advanced programs are in pulmonary and inflammatory conditions, including a therapy approved in the United States, Europe, and Japan to treat a chronic, debilitating lung disease. The Company's early-stage research programs encompass a wide range of technologies and modalities, including gene therapy, AI-driven protein engineering, protein manufacturing, RNA end-joining, and synthetic rescue.

Headquartered in Bridgewater, New Jersey, Insmmed has offices and research locations throughout the United States, Europe, and Japan. Insmmed is proud to be recognized as one of the best employers in the biopharmaceutical industry, including spending four consecutive years as the No. 1 *Science* Top Employer.
